# PART I—EDUCATION OF THE HANDICAPPED ACT[1]

## (As Amended by Public Law 98-199)

## PART A—GENERAL PROVISIONS

### SHORT TITLE; STATEMENT OF FINDINGS AND PURPOSE

SEC. 601. (a) This title may be cited as the "Education of the Handicapped Act".

(b) The Congress finds that—

(1) there are more than eight million handicapped children in the United States today;

(2) the special educational needs of such children are not being fully met;

(3) more than half of the handicapped children in the United States do not receive appropriate educational services which would enable them to have full equality of opportunity;

(4) one million of the handicapped children in the United States are excluded entirely from the public school system and will not go through the educational process with their peers;

(5) there are many handicapped children throughout the United States participating in regular school programs whose handicaps prevent them from having a successful educational experience because their handicaps are undetected;

(6) because of the lack of adequate services within the public school system, families are often forced to find services outside the public school system, often at great distance from their residence and at their own expense;

(7) developments in the training of teachers and in diagnostic and instructional procedures and methods have advanced to the point that, given appropriate funding, State and local educational agencies can and will provide effective special education and related services to meet the needs of handicapped children;

(8) State and local educational agencies have a responsibility to provide education for all handicapped children, but present financial resources are inadequate to meet the special educational needs of handicapped children; and

(9) it is in the national interest that the Federal Government assist State and local efforts to provide programs to meet the educational needs of handicapped children in order to assure equal protection of the law.

---

[1] Public Law 89-750 amended the Elementary and Secondary Education Act of 1965 by adding a new title VI; effective July 1, 1971, this Act (P.L. 91-230) replaced title VI. Also as of July 1, 1971, the Education of the Handicapped Act superseded the following: P.L. 90-538, Handicapped Children's Early Education Assistance Act; P.L. 85-926, Grants for Teaching in the Education of Handicapped Children; P.L. 88-164, titles III and V of the Mental Retardation Facilities and Community Mental Centers Construction Act of 1963; and P.L. 85-905, Instructional Media for Handicapped Children.

(c) It is the purpose of this Act to assure that all handicapped children have available to them, within the time periods specified in section 612(2)(B), a free appropriate public education which emphasizes special education and related services designed to meet their unique needs, to assure that the rights of handicapped children and their parents or guardians are protected, to assist States and localities to provide for the education of all handicapped children, and to assess and assure the effectiveness of efforts to educate handicapped children.

(20 U.S.C. 1401) Enacted November 29, 1975 P.L. 94-142, sec. 3, 89 Stat. 774, 775.

(5)(A) In determining the allotment of each State under paragraph (1), the Secretary may not count—

(A) 50 per centum of such funds may be used by such State in accordance with the provisions of paragraph (2); and

(B) 50 per centum of such funds shall be distributed by such State pursuant to subsection (d) to local educational agencies and intermediate educational units in such State, for use in accordance with the priorities established under section 612(3).

(B) the remainder shall be used by such State to provide support services and direct services in accordance with the priorities established under section 612(3).

(i) such local educational agency or intermediate educational unit is entitled, under subsection (d), to less than $7,500 for such fiscal year; or

(ii) such local educational agency or intermediate educational unit has not submitted an application for such funds which meets the requirements of section 614.

The provisions of paragraph (2)(B) shall not apply to the use of such funds.

(d) From the total amount of funds available to local educational agencies and intermediate educational units in any State under subsection (b)(1)(B) or subsection (c)(1)(B), as the case may be, each local educational agency or intermediate educational unit shall be entitled to an amount which bears the same ratio to the total amount available under subsection (b)(1)(B) or subsection (c)(1)(B), as the case may be, as the number of handicapped children aged three to twenty-one, inclusive, receiving special education and related services in such local educational agency or intermediate educational unit bears to the aggregate number of handicapped children aged three to twenty-one, inclusive, receiving special education and related services in all local educational agencies and intermediate educational units which apply to the State educational agency involved for funds under this part.

(e)(1) The jurisdictions to which this subsection applies are Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands.

(2) Each jurisdiction to which this subsection applies shall be entitled to a grant for the purposes set forth in section 601(c) in an amount equal to an amount determined by the Secretary in accordance with criteria based on respective needs, except that the aggregate of the amount to which such jurisdictions are so entitled for any fiscal year shall not exceed an amount equal to 1 per centum of the aggregate of the amounts available to all States under this part for that fiscal year. If the aggregate of the amounts, determined by the Secretary pursuant to the preceding sentence, to be so needed for any fiscal year exceeds an amount equal to such 1 per centum limitation, the entitlement of each such jurisdiction

shall be reduced proportionately until such aggregate does not exceed such 1 per centum limitation.

(3) The amount expended for administration by each jurisdiction under this subsection shall not exceed 5 per centum of the amount allotted to such jurisdiction for any fiscal year, or $35,000, whichever is greater.

(f)(1) The Secretary is authorized to make payments to the Secretary of the Interior according to the need for such assistance for the education of handicapped children on reservations serviced by elementary and secondary schools operated for Indian children by the Department of the Interior. The amount of such payment for any fiscal year shall not exceed 1 per centum of the aggregate amounts available to all States under this part for that fiscal year.

(2) The Secretary of the Interior may receive an allotment under this subsection only after submitting to the Secretary an application which meets the applicable requirements of section 614(a) and which is approved by the Secretary. The provisions of section 616 shall apply to any such application.

(g)(1) If the sums appropriated for any fiscal year for making payments to States under this part are not sufficient to pay in full the total amounts which all States are entitled to receive under this part for such fiscal year, the maximum amounts which all States are entitled to receive under this part for such fiscal year shall be ratably reduced. In case additional funds become available for making such payments for any fiscal year during which the preceding sentence is applicable, such reduced amounts shall be increased on the same basis as they were reduced.

(2) In the case of any fiscal year in which the maximum amounts for which States are eligible have been reduced under the first sentence of paragraph (1), and in which additional funds have not been made available to pay in full the total of such maximum amounts under the last sentence of such paragraph, the State educational agency shall fix dates before which each local educational agency or intermediate educational unit shall report to the State educational agency on the amount of funds available to the local educational agency or intermediate educational unit, under the provisions of subsection (d), which it estimates that it will expend in accordance with the provisions of this part. The amounts so available to any local educational agency or intermediate educational unit, or any amount which would be available to any other local educational agency or intermediate educational unit if it were to submit a program meeting the requirements of this part, which the State educational agency determines will not be used for the period of its availability, shall be available for allocation to those local educational agencies or intermediate educational units, in the manner provided by this section, which the State educational agency determines will need and be able to use additional funds to carry out approved programs.

(C) all children residing in the State who are handicapped, regardless of the severity of their handicap, and who are in need of special education and related services are identified, located, and evaluated, and that a practical method is developed and implemented to determine which children are currently receiving needed special education and related services and which children are not currently receiving needed special education and related services;

Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

(6) The State educational agency shall be responsible for assuring that the requirements of this part are carried out and that all educational programs for handicapped children with the State, including all such programs administered by any other State or local agency, will be under the general supervision of the persons responsible for educational programs for handicapped children in the State educational agency and shall meet educational standards of the State educational agency.

SEC. 613. (a) Any State meeting the eligibility requirements set forth in section 612 and desiring to participate in the program under this part shall submit to the Secretary, through its State educational agency, a State plan at such time, in such manner, and containing or accompanied by such information, as he deems necessary. Each such plan shall—

(1) set forth policies and procedures designed to assure that funds paid to the State under this part will be expended in accordance with the provisions of this part, with particular atten-

tion given to the provisions of sections 611(b), 611(c), 611(d), 612(2), and 612(3);

(3) set forth, consistent with the purposes of this Act, a description of programs and procedures for (A) the development and implementation of a comprehensive system of personnel development which shall include the inservice training of general and special educational instructional and support personnel, detailed procedures to assure that all personnel necessary to carry out the purposes of this Act are appropriately and adequately prepared and trained, and effective procedures for acquiring and disseminating to teachers and administrators of programs for handicapped children significant information derived from educational research, demonstration, and similar projects, and (B) adopting, where appropriate, promising educational practices and materials development through such projects;

(4) set forth policies and procedures to assure—

(A) that, to the extent consistent with the number and location of handicapped children in the State who are enrolled in private elementary and secondary schools, provision is made for the participation of such children in the program assisted or carried out under this part by providing for such children special education and related services; and

(B) that (i) handicapped children in private schools and facilities will be provided special education and related services (in conformance with an individualized educational program as required by this part) at no cost to their parents or guardian, if such children are placed in or referred to such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this part or any other applicable law requiring the provision of special education and related services to all handicapped children within such State, and (ii) in all such instances the State educational agency shall determine whether such schools and facilities meet standards that apply to State and local educational agencies and that children so served have all the rights they would have if served by such agencies;

(5) set forth policies and procedures which assure that the State shall seek to recover any funds made available under

this part for services to any child who is determined to be erroneously classified as eligible to be counted under section 611(a) or section 611(d);

(6) provide satisfactory assurance that the control of funds provided under this part, and title to property derived therefrom, shall be in a public agency for the uses and purposes provided in this part, and that a public agency will administer such funds and property;

(7) provide for (A) making such reports in such form and containing such information as the Secretary may require to carry out his functions under this part, and (B) keeping such records and affording such access thereto as the Secretary may find necessary to assure the correctness and verification of such reports and proper disbursement of Federal funds under this part;

(8) provide procedures to assure that final action with respect to any application submitted by a local educational agency or an intermediate educational unit shall not be taken without first affording the local educational agency or intermediate educational unit involved reasonable notice and opportunity for a hearing;

(9) provide satisfactory assurance that Federal funds made available under this part (A) will not be commingled with State funds, and (B) will be so used as to supplement and increase the level of State and local funds expended for the education of handicapped children and in no case to supplant such State and local funds, except that, where the State provides clear and convincing evidence that all handicapped children have available to them a free appropriate public education, the Secretary may waive in part the requirement of this clause if he concurs with the evidence provided by the State;

(10) provide, consistent with procedures prescribed pursuant to section 617(a)(2), satisfactory assurance that such fiscal control and fund accounting procedures will be adopted as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid under this part to the State, including any such funds paid by the State to local educational agencies and intermediate educational units;

(11) provide for procedures for evaluation at least annually of the effectiveness of programs in meeting the educational needs of handicapped children (including evaluation of individualized education programs), in accordance with such criteria that the Secretary shall prescribe pursuant to section 617; and

funds under this part, and (C) assists the State in developing and reporting such data and evaluations as may assist the Secretary in the performance of his responsibilities under section 618.

(b) Whenever a State educational agency provides free appropriate public education for handicapped children, or provides direct services to such children, such State educational agency shall include, as part of the State plan required by subsection (a) of this section, such additional assurances not specified in such subsection (a) as are contained in section 614(a), except that funds available for the provision of such education or services may be expended without regard to the provisions relating to excess costs in section 614(a).

(c) The Secretary shall approve any State plan and any modification thereof which—

(1) is submitted by a State eligible in accordance with section 612; and

(2) meets the requirements of subsection (a) and subsection (b).

The Secretary shall disapprove any State plan which does not meet the requirements of the preceding sentence, but shall not finally disapprove a State plan except after reasonable notice and opportunity for a hearing to the State.

(d)(1) If, on the date of enactment of the Education of the Handicapped Act Amendments of 1983, a State educational agency is prohibited by law from providing for the participation in special programs of handicapped children enrolled in private elementary and secondary schools as required by subsection (a)(4), the Secretary shall waive such requirement, and shall arrange for the provision of service to such children through arrangements which shall be subject to the requirements of subsection (a)(4).

(2)(A) When the Secretary arranges for services pursuant to this subsection, the Secretary, after consultation with the appropriate public and private school officials, shall pay to the provider of such services an amount per child which may not exceed the Federal amount provided per child under this part to all handicapped children enrolled in the State for services for the fiscal year preceding the fiscal year for which the determination is made.

(B) Pending final resolution of any investigation or complaint that could result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates would be necessary to pay the cost of such services.

(C) Any determination by the Secretary under this section shall continue in effect until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(4).

(3)(A) The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for at least 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or his designee to show cause why such action should not be taken.

(B) If a State educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A) of this paragraph, it may, within 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

(C) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(D) Upon the filing of a petition under subparagraph (B), the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

### APPLICATION

Sec. 614. (a) A local educational agency or an intermediate educational unit which desires to receive payments under section 611(d) for any fiscal year shall submit an application to the appropriate State educational agency. Such application shall—

(1) provide satisfactory assurance that payments under this part will be used for excess costs directly attributable to programs which—

(A) provide that all children residing within the jurisdiction of the local educational agency or the intermediate educational unit who are handicapped, regardless of the severity of their handicap, and are in need of special education and related services will be identified, located, and evaluated, and provide for the inclusion of a practical method of determining which children are currently receiving needed special education and related services and which children are not currently receiving such education and services;

(B) establish policies and procedures in accordance with detailed criteria prescribed under section 617(c);

(C) establish a goal of providing full educational opportunities to all handicapped children, including—

(i) procedures for the implementation and use of the comprehensive system of personnel development established by the State educational agency under section 613(a)(3);

(ii) the provision of, and the establishment of priorities for providing, a free appropriate public education to all handicapped children, first with respect to handicapped children who are not receiving an education, and second with respect to handicapped children, within each disability, with the most severe handicaps who are receiving an inadequate education;

(iii) the participation and consultation of the parents or guardian of such children; and

(iv) to the maximum extent practicable and consistent with the provisions of section 612(5)(B), the provision of special services to enable such children to participate in regular educational programs;

(D) establish a detailed timetable for accomplishing the goal described in subclause (C); and

(E) provide a description of the kind and number of facilities, personnel, and services necessary to meet the goal described in subclause (C);

(2) provide satisfactory assurance that (A) the control of funds provided under this part, and title to property derived from such funds, shall be in a public agency for the uses and purposes provided in this part, and that a public agency will administer such funds and property, (B) Federal funds expended by local educational agencies and intermediate educational units for programs under this part (i) shall be used to pay only the excess costs directly attributable to the education of handicapped children, and (ii) shall be used to supplement and, to the extent practicable, increase the level of State and local funds expended for the education of handicapped children, and in no case to supplant such State and local funds, and (C) State and local funds will be used in the jurisdiction of the local educational agency or intermediate educational unit to provide services in program areas which, taken as a whole, are at least comparable to services being provided in areas of such jurisdiction which are not receiving funds under this part;

(3)(A) provide for furnishing such information (which, in the case of reports relating to performance, is in accordance with specific performance criteria related to program objectives), as may be necessary to enable the State educational agency to perform its duties under this part, including information relating to the educational achievement of handicapped children participating in programs carried out under this part; and

(B) provide for keeping such records, and provide for affording such access to such records, as the State educational agency may find necessary to assure the correctness and verification of such information furnished under subclause (A);

(4) provide for making the application and all pertinent documents related to such application available to parents, guardians, and other members of the general public, and provide that all evaluations and reports required under clause (3) shall be public information;

(5) provide assurances that the local educational agency or intermediate educational unit will establish, or revise, whichever is appropriate, an individualized education program for each handicapped child at the beginning of each school year and will then review and, if appropriate revise, its provisions periodically, but not less than annually;

(6) provide satisfactory assurance that policies and programs established and administered by the local educational agency or intermediate educational unit shall be consistent with the provisions of paragraph (1) through paragraph (7) of section 612 and section 613(a); and

(7) provide satisfactory assurance that the local educational agency or intermediate educational unit will establish and maintain procedural safeguards in accordance with the provisions of sections 612(5)(B), 612(5)(C), and 615.

(b)(1) A State educational agency shall approve any application submitted by a local educational agency or an intermediate educational unit under subsection (a) if the State educational agency determines that such application meets the requirements of subsection (a), except that no such application may be approved until the State plan submitted by such State educational agency under subsection (a) is approved by the Secretary under section 613(c). A State educational agency shall disapprove any application submitted by a local educational agency or an intermediate educational unit under subsection (a) if the State educational agency determines that such application does not meet the requirements of subsection (a).

(2)(A) Whenever a State educational agency, after reasonable notice and opportunity for a hearing, finds that a local educational agency or an intermediate educational unit, in the administration of an application approved by the State educational agency under paragraph (1), has failed to comply with any requirement set forth in such application, the State educational agency, after giving appropriate notice to the local educational agency or the intermediate educational unit, shall—

(i) make no further payments to such local educational agency or such intermediate educational unit under section 620 until the State educational agency is satisfied that there is no longer any failure to comply with the requirement involved; or

(ii) take such finding into account in its review of any application made by such local educational agency or such intermediate educational unit under subsection (a).

(B) The provisions of the last sentence of section 616(a) shall apply to any local educational agency or any intermediate educational unit receiving any notification from a State educational agency under this paragraph.

(3) In carrying out its functions under paragraph (1), each State educational agency shall consider any decision made pursuant to a hearing held under section 615 which is adverse to the local educational agency or intermediate educational unit involved in such decision.

(c)(1) A State educational agency may, for purposes of the consideration and approval of applications under this section, require local educational agencies to submit a consolidated application for payments if such State educational agency determines that any individual application submitted by any such local educational agency will be disapproved because such local educational agency is ineligible to receive payments because of the application of section 611(c)(4)(A)(i) or such local educational agency would be unable to establish and maintain programs of sufficient size and scope to effectively meet the educational needs of handicapped children.

(2)(A) In any case in which a consolidated application of local educational agencies is approved by a State educational agency under paragraph (1), the payments which such local educational agencies may receive shall be equal to the sum of payments to which each such local educational agency would be entitled under section 611(d) if an individual application of any such local educational agency had been approved.

(B) The State educational agency shall prescribe rules and regulations with respect to consolidated applications submitted under this subsection which are consistent with the provisions of paragraph (1) through paragraph (7) of section 612 and section 613(a) and which provide participating local educational agencies with joint responsibilities for implementing programs receiving payments under this part.

(C) In any case in which an intermediate educational unit is required pursuant to State law to carry out the provisions of this part, the joint responsibilities given to local educational agencies under subparagraph (B) shall not apply to the administration and disbursement of any payments received by such intermediate educational unit. Such responsibilities shall be carried out exclusively by such intermediate educational unit.

(d) Whenever a State educational agency determines that a local educational agency—

(1) is unable or unwilling to establish and maintain programs of free appropriate public education which meet the requirements established in subsection (a);

(2) is unable or unwilling to be consolidated with other local educational agencies in order to establish and maintain such programs; or

(3) has one or more handicapped children who can best be served by a regional or State center designed to meet the needs of such children;

the State educational agency shall use the payments which would have been available to such local educational agency to provide special education and related services directly to handicapped children residing in the area served by such local educational agency. The State educational agency may provide such education and services in such manner, and at such locations (including regional or State centers), as it considers appropriate, except that the manner in which such education and services are provided shall be consistent with the requirements of this part.

(e) Whenever a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all handicapped children residing in the area served by such agency with State and local funds otherwise available to such agency, the State educational agency may reallocate funds (or such portion of those funds as may not be required to provide such education and services) made available to such agency, pursuant to section 611(d), to such other local educational agencies within the State as are not adequately providing special education and related services to all handicapped children residing in the areas served by such other local educational agencies.

(f) Notwithstanding the provisions of subsection (a)(2)(B)(ii), any local educational agency which is required to carry out any program for the education of handicapped children pursuant to a State law shall be entitled to receive payments under section 611(d) for use in carrying out such program, except that such payments may not be used to reduce the level of expenditures for such program made by such local educational agency from State or local funds below the level of such expenditures for the fiscal year prior to the fiscal year for which such local educational agency seeks such payments.

### PROCEDURAL SAFEGUARDS

SEC. 615. (a) Any State educational agency, any local educational agency, and any intermediate educational unit which receives assistance under this part shall establish and maintain procedures in accordance with subsection (b) through subsection (e) of this section to assure that handicapped children and their parents or guardians are guaranteed procedural safeguards with respect to the provision of free appropriate public education by such agencies and units.

(b)(1) The procedures required by this section shall include, but shall not be limited to—

(A) an opportunity for the parents or guardian of a handicapped child to examine all relevant records with respect to the identification, evaluation, and educational placement of the child, and the provision of a free appropriate public education to such child, and to obtain an independent educational evaluation of the child;

(B) procedures to protect the rights of the child whenever the parents or guardian of the child are not known, unavailable, or the child is a ward of the State, including the assignment of an individual (who shall not be an employee of the State educational agency, local educational agency, or intermediate educational unit involved in the education or care of the child) to act as a surrogate for the parents or guardian;

(C) written prior notice to the parents or guardian of the child whenever such agency or unit—

(i) proposes to initiate or change, or

(ii) refuses to initiate or change,

the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child;

(D) procedures designed to assure that the notice required by clause (C) fully inform the parents or guardian, in the parents' or guardian's native language, unless it clearly is not feasible to do so, of all procedures available pursuant to this section; and

(E) an opportunity to present complaints with respect to any matter relating to the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education to such child.

(2) Whenever a complaint has been received under paragraph (1) of this subsection, the parents or guardian shall have an opportunity for an impartial due process hearing which shall be conducted by the State educational agency or by the local educational agency or intermediate educational unit, as determined by State law or by the State educational agency. No hearing conducted pursuant to the requirements of this paragraph shall be conducted by an employee of such agency or unit involved in the education or care of the child.

(c) If the hearing required in paragraph (2) of subsection (b) of this section is conducted by a local educational agency or an intermediate educational unit, any party aggrieved by the findings and decision rendered in such a hearing may appeal to the State educational agency which shall conduct an impartial review of such hearing. The officer conducting such review shall make an independent decision upon completion of such review.

(d) Any party to any hearing conducted pursuant to subsections (b) and (c) shall be accorded (1) the right to be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of handicapped children, (2) the right to present evidence and confront, cross-examine, and compel the attendance of witnesses, (3) the right to a written or electronic verbatim record of such hearing, and (4) the right to written findings of fact and decisions (which findings and decisions shall also be transmitted to the advisory panel established pursuant to section 613(a)(12)).

(e)(1) A decision made in a hearing conducted pursuant to paragraph (2) of subsection (b) shall be final, except that any party involved in such hearing may appeal such decision under the provisions of subsection (c) and paragraph (2) of this subsection. A decision made under subsection (c) shall be final, except that any party may bring an action under paragraph (2) of this subsection.

(2) Any party aggrieved by the findings and decision made under subsection (b) who does not have the right to an appeal under subsection (c), and any party aggrieved by the findings and decision under subsection (c), shall have the right to bring a civil action with respect to the complaint presented pursuant to this section, which action may be brought in any State court of competent jurisdiction or in a district court of the United States without regard to the amount in controversy. In any action brought under this paragraph the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and, basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate.

(2) that in the administration of the State plan there is a failure to comply with any provision of this part or with any requirements set forth in the application of a local educational agency or intermediate educational unit approved by the State educational agency pursuant to the State plan,

the Secretary (A) shall, after notifying the State educational agency, withhold any further payments to the State under this part, and (B) may, after notifying the State educational agency, withhold further payments to the State under the Federal programs specified in section 613(a)(2) within his jurisdiction, to the extent that funds under such programs are available for the provision of assistance for the education of handicapped children. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

(2) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause

shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(3) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. ### REHABILITATION SERVICES ADMINISTRATION

SEC. 3. (a) There is established in the Office of the Secretary a Rehabilitation Services Administration which shall be headed by a Commissioner (hereinafter in this Act referred to as the "Commissioner") appointed by the President by and with the advice and consent of the Senate. Except for titles IV and V and Part A of title VI and as otherwise specifically provided in this Act, such Administration shall be the principal agency, and the Commissioner shall be the principal officer, of such Department for carrying out this Act. In the performance of his functions, the Commissioner shall be directly responsible to the Secretary or to the Under Secretary or an appropriate Assistant Secretary of such Department, as designated by the Secretary. The functions of the Commissioner shall not be delegated to any officer not directly responsible, both with respect to program operation and administration, to the Commissioner. Any reference in this Act to duties to be carried out by the Commissioner shall be considered to be a reference to duties to be carried out by the Secretary acting through the Commissioner. In carrying out any of his functions under this Act, the Commissioner shall be guided by general policies of the National Council on the Handicapped established under Title IV of this Act.

(b) The Secretary shall take whatever action is necessary to insure that funds appropriated pursuant to this Act, as well as unexpended appropriations for carrying out the Vocational Rehabilitation Act (29 U.S.C. 31-42), are expended only for the programs, personnel, and administration of programs carried out under this Act.

### ADVANCE FUNDING

(b) In order to effect a transition to the advance funding method of timing appropriation action, the authority provided by subsection (a) of this section shall apply notwithstanding that its initial application will result in the enactment in the same year (whether in the same appropriation Act or otherwise) of two separate appropriations, one for the then current fiscal year and one for the succeeding fiscal year.

### JOINT FUNDING

Sec. 5. Pursuant to regulations prescribed by the President, and to the extent consistent with the other provisions of this Act, where funds are provided for a single project by more than one Federal agency to an agency or organization assisted under this Act, the Federal agency principally involved may be designated to act for all in administering the funds provided, and, in such cases, a single non-Federal share requirement may be established according to the proportion of funds advanced by each agency. When the principal agency involved is the Rehabilitation Services Administration, it may waive any grant or contract requirement (as defined by such regulations) under or pursuant to any law other than this Act, which requirement is inconsistent with the similar requirements of the administering agency under or pursuant to this Act.

### CONSOLIDATED REHABILITATION PLAN

Sec. 6. (a) In order to secure increased flexibility to respond to the varying needs and local conditions within the State, and in order to permit more effective and interrelated planning and operation of its rehabilitation programs, the State may submit a consolidated rehabilitation plan which includes the State's plan under section 101(a) of this Act and its program for persons with developmental disabilities under the Development Disabilities Services and Facilities Construction Amendments of 1970: *Provided,* That the agency administering such State's program under such Act concurs in the submission of such a consolidated rehabilitation plan.

(c) Findings of noncompliance in the administration of an approved consolidated rehabilitation plan, and any reduction, suspensions, or terminations of assistance as a result thereof, shall be carried out in accordance with the procedures set forth in subsection (c) and (d) of section 101 of this Act.

(15) provide for continuing statewide studies of the needs of handicapped individuals and how these needs may be most effectively met (including the capacity and condition of rehabilitation

facilities, plans for improving such facilities, and policies for the use thereof by the State agency); and review of the efficacy of the criteria employed with respect to ineligibility determinations described in subclause (C) of clause (9) of this subsection with a view toward the relative need for services to significant segments of the population of handicapped individuals and the need for expansion of services to those individuals with the most severe handicaps;

(16) provide for (A) periodic review and reevaluation of the status of handicapped individuals placed in extended employment in rehabilitation facilities (including workshops) to determine the feasibility of their employment, or training for employment, in the competitive labor market, and (B) maximum efforts to place such individuals in such employment or training whenever it is determined to be feasible;

(17) provide that where such State plan includes provisions for the construction of rehabilitation facilities—

(A) the Federal share of the cost of construction thereof for a fiscal year will not exceed an amount equal to 10 per centum of the State's allotment for such year,

(B) the provision of section 306 shall be applicable to such construction and such provisions shall be deemed to apply to such construction, and

(C) there shall be compliance with regulations the Commissioner shall prescribe designed to assure that no State will reduce its efforts in providing other vocational rehabilitation services (other than for the establishment of rehabilitation facilities) because its plan includes such provisions for construction;

(18) provide satisfactory assurances to the Commissioner that the State agency designated pursuant to clause (1) (or each State agency if two are so designated) and any sole local agency administering the plan in a political subdivision of the State will take into account, in connection with matters of general policy arising in the administration of the plan, the views of individuals and groups thereof who are recipients of vocational rehabilitation services (or, in appropriate cases, their parents or guardians), personnel working in the field of vocational rehabilitation, and providers of vocational rehabilitation services;

(19) provide satisfactory assurances to the Commissioner that the continuing studies required under clause (15) of this subsection, as well as an annual evaluation of the effectiveness of the program in meeting the goals and priorities set forth in the plan, will form the basis for the submission, from time to time as the Commissioner may require, of appropriate amendments to the plan;

(20) provide satisfactory assurances to the Commissioner that, except as otherwise provided in section 130, the State shall provide vocational rehabilitation services to handicapped American Indians residing in the State to the same extent as the State provides such services to other significant segments of the population of handicapped individuals residing in the State;

(21) provide that the State agency has the authority to enter into contracts with profitmaking organizations for the purpose of providing on-the-job training and related programs for handicapped individuals under part B of title VI upon a determination by such

agency that such profitmaking organizations are better qualified to provide such rehabilitation services than nonprofit agencies and organizations; and

(22) provide for the establishment and maintenance of information and referral programs (the staff of which shall include, to the maximum extent feasible, interpreters for the deaf) in sufficient numbers to assure that handicapped individuals within the State are afforded accurate vocational rehabilitation information and appropriate referrals to other Federal and State programs and activities which would benefit them.

(b) The Commissioner shall approve any plan which he finds fulfills the conditions specified in subsection (a) of this section, and he shall disapprove any plan which does not fulfill such conditions. Prior to such disapproval, the Commissioner shall notify a State of his intention to disapprove its plan, and he shall afford such State reasonable notice and opportunity for hearing.

(c)(1) Whenever the Commissioner, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of the State plan approved under this section, finds that—

(A) the plan has been so changed that it no longer complies with the requirements of subsection (a) of this section; or

(B) in the administration of the plan there is a failure to comply substantially with any provision of such plan.

the Commissioner shall notify such State agency that no further payments will be made to the State under this title (or, in his discretion, that such further payments will be reduced, in accordance with regulations the Commissioner shall prescribe, or that further payments will not be made to the State only for the projects under the parts of the State plan affected by such failure), until he is satisfied there is no longer any such failure. Until he is so satisfied, the Commissioner shall make no further payments to such State under this title (or shall limit payments to projects under those parts of the State plan in which there is no such failure).

(2) The Commissioner may, in accordance with regulations the Secretary shall prescribe, disburse any funds withheld from a State under paragraph (1) to any public or nonprofit private organization or agency within such State or to any political subdivision of such State submitting a plan meeting the requirements of subsection (a). The Commissioner may not make any payment under this paragraph unless the entity to which such payment is made has provided assurances to the Commissioner that such entity will contribute, for purposes of carrying out such plan, the same amount as the State would have been obligated to contribute if the State received such payment.

(d)(1) Any State which is dissatisfied with a final determination of the Commissioner under subsection (b) or (c) may file a petition for judicial review of such determination in the United States Court of Appeals for the circuit in which the State is located. Such a petition may be filed only within the thirty-day period beginning on the date notice of such final determination was received by the State. The clerk of the court shall transmit a copy of the petition to the Commissioner or to any officer designated by him for that purpose. In accordance with section 2112 of title 28, United States

Code, the Commissioner shall file with the court a record of the proceeding on which he based the determination being appealed by the State. Until a record is so filed, the Commissioner may modify or set aside any determination made under such proceedings.

(2) If, in an action under this subsection to review a final determination of the Commissioner under subsection (b) or (c), the petitioner or the Commissioner applies to the court for leave to have additional oral submissions or written presentations made respecting such determination, the court may, for good cause shown, order the Commissioner to provide within thirty days an additional opportunity to make such submissions and presentations. Within such period, the Commissioner may revise any findings of fact, modify or set aside the determination being reviewed, or make a new determination by reason of the additional submissions and presentations, and shall file such modified or new determination, and any revised findings of fact, with the return of such submissions and presentations. The court shall thereafter review such new or modified determination.

(3)(A) Upon the filing of a petition under paragraph (1) for judicial review of a determination, the court shall have jurisdiction (i) to grant appropriate relief as provided in chapter 7 of title 5, United States Code, except for interim relief with respect to a determination under subsection (c), and (ii) except as otherwise provided in subparagraph (B), to review such determination in accordance with chapter 7 of title 5, United States Code.

(B) Section 706 of title 5, United States Code, shall apply to the review of any determination under this subsection, except that the standard for review prescribed by paragraph (2)(E) of such section 706 shall not apply and the court shall hold unlawful and set aside such determination if the court finds that the determination is not supported by substantial evidence in the record of the proceeding submitted pursuant to paragraph (1), as supplemented by any additional submissions and presentations filed under paragraph (2).

### INDIVIDUALIZED WRITTEN REHABILITATION PROGRAM

SEC. 102. (a) The Commissioner shall insure that the individualized written rehabilitation program, or the specification of reasons for a determination of ineligibility prior to initiation of such program based on preliminary diagnosis, required by section 101(a)(9) in the case of each handicapped individual is developed jointly by the vocational rehabilitation counselor or coordinator and the handicapped individual (or, in appropriate cases, his parents or guardians), and that such program meets the requirements set forth in subsection (b) of this section. Such written program shall set forth the terms and conditions, as well as the rights and remedies, under which goods and services will be provided to the individual, and, as appropriate, such specification of reasons for such an ineligibility determination shall set forth the rights and remedies, including recourse to the process set forth in subsection (b)(5) of this section, available to the individual in question.

(b) Each individualized written rehabilitation program shall be reviewed on an annual basis at which time each such individual (or, in appropriate cases, his parents or guardians) will be afforded an opportunity to review such program and jointly redevelop and agree to its terms. Such program shall include, but not be limited to (1) a statement of long-range rehabilitation goals for the individual and intermediate rehabilitation objectives related to the attainment of such goals, (2) a statement of the specific vocational rehabilitation services to be provided, (3) the projected date for the initiation and the anticipated duration of each such service, (4) objective criteria and an evaluation procedure and schedule for determining whether such objectives and goals are being achieved, and (5) where appropriate, a detailed explanation of the availability of a client assistance project established in such area pursuant to section 112.

(c) The Commissioner shall also insure that (1) in making any determination of ineligibility referred to in subsection (a) of this section, or in developing and carrying out the individualized written rehabilitation program required by section 101 in the case of each handicapped individual, primary emphasis is placed upon the determination and achievement of a vocational goal for such individual, (2) a decision that such an individual is not capable of achieving such a goal and thus not eligible for vocational rehabilitation services provided with assistance under this part, is made only in full consultation with such individual (or, in appropriate cases, his parents or guardians), and only upon the certification, as an amendment to such written program, or as a part of the specification of reasons for an ineligibility determination, as appropriate, that the preliminary diagnosis or evaluation of rehabilitation potential, as appropriate, has demonstrated that such individual is not then capable of achieving such a goal, and (3) any such decision, as an amendment to such written program, shall be reviewed at least annually in accordance with the procedure and criteria established in this section.

(d)(1) The Director of any designated State unit shall establish procedures for the review of determinations made by the rehabilitation counselor or coordinator under this section, upon the request of a handicapped individual (or, in appropriate cases, his parents or guardians). Such procedures shall include a requirement that the final decision concerning the review of any such determination be made in writing by the Director. The Director may not delegate his responsibility to make any such final decision to any other officer or employee of the designated State unit.

(2) Any handicapped individual (or, in appropriate cases, his parent or guardian) who is not satisfied with the final decision made under paragraph (1) by the Director of the designated State unit may request the Secretary to review such decision. Upon such request the Secretary shall conduct such a review and shall make recommendations to the Director as to the appropriate disposition of the matter. The Secretary may not delegate his responsibilities under this paragraph to any officer of the Department of *Education* who is employed at a position below that of an Assistant Secretary.

### NON-FEDERAL SHARE FOR CONSTRUCTION

SEC. 104. For the purpose of determining the amount of payments to States for carrying out part B of this title, the non-Federal share, subject to such limitations and conditions as may be prescribed in regulations by the Commissioner, shall include contributions of funds made by any private agency, organization, or individual to a State or local agency to assist in meeting the costs of construction or establishment of a public or nonprofit rehabilitation facility, which would be regarded as State or local funds except for the condition, imposed by the contributor, limiting use of such funds to construction or establishment of a facility.

## PART B—BASIC VOCATIONAL REHABILITATION SERVICES

### STATE ALLOTMENTS

SEC. 110. (a)(1) For each fiscal year beginning before October 1, 1978, each State shall be entitled to an allotment of an amount bearing the same ratio to the amount authorized to be appropriated under section 100(b)(1) for allotment under this section as the product of (A) the population of the State, and (B) the square of its allotment percentage, bears to the sum of the corresponding products for all the States.

(2)(A) For each fiscal year beginning on or after October 1, 1978, each State shall be entitled to an allotment in an amount equal to the amount such State received under paragraph (1) for the fiscal year ending September 30, 1978, and an additional amount determined pursuant to subparagraph (B) of this paragraph.

(B) For each fiscal year beginning on or after October 1, 1978, each State shall be entitled to an allotment, from any amount authorized to be appropriated for such fiscal year under section 100(b)(1)(*A*) for allotment under this section in excess of the amount appropriated under section 100(b)(1)(*A*) for the fiscal year ending September 30, 1978, in an amount equal to the sum of—

(i) an amount bearing the same ratio to 50 percent of such excess amount as the product of the population of the State and the square of its allotment percentage bears to the sum of the corresponding products for all the States; and

(ii) an amount bearing the same ratio to 50 percent of such excess amount as the product of the population of the State and its allotment percentage bears to the sum of the corresponding products for all the States.

(3) The sum of the payment to any State (other than Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands) under this subsection for any fiscal year which is less than one-third of 1 percent of the amount appropriated under section 100(b)(1)(*A*), or $3,000,000, whichever is greater, shall be increased to that amount, the total of the increases thereby required being derived by proportionately reducing the allotment to each of the remaining such States under this subsection, but with such adjustments as may be necessary to prevent the sum of the allotments made under this subsection to any such remaining State from being thereby reduced to less than that amount.

*(4) For each fiscal year beginning on or after October 1, 1984, for which any amount is appropriated pursuant to section 100(b)(1)(B), each State shall receive an allocation (from such appropriated amount) in addition to the allotment to which such State is entitled under paragraphs (2) and (3) of this subsection. Such additional allocation shall be an amount which bears the same ratio to the amount so appropriated as that State's allotment under paragraphs (2) and (3) of this subsection bears to the sum of such allotments of all the States.*

(b)(1) If the payment to a State under section 111(a) for a fiscal year is less than the total payments such State received under section 2 of the Vocational Rehabilitation Act for the fiscal year ending June 30, 1973, such State shall be entitled to an additional payment (subject to the same terms and conditions applicable to other payments under this part) equal to the difference between such payment under section 111(a) and the amount so received by it.

(2) If a State receives as its Federal share under section 111(a) for any fiscal year, as a result of the maintenance of effort provisions of such section, less than 80 percent of the expenditure of such State for vocational rehabilitation services under the plan for such State approved under section 101 (including any amount expended by such State for the administration of the State plan but excluding any amount expended by such State from non-Federal sources for construction under such plan), such State shall be entitled to an additional payment for such fiscal year, subject to the same terms and conditions applicable to other payments under this part, equal to the difference between such payment under section 111(a) and an amount equal to 80 percent of such expenditure for vocational rehabilitation services.

(3) Any payment attributable to the additional payment to a State under this subsection shall be made only from appropriations specifically made to carry out this subsection, and such additional appropriations are hereby authorized.

(c) Whenever the Commissioner determines, after reasonable opportunity for the submission to him of comments by the State agency administering or supervising the program established under this title, that any payment of an allotment to a State under section 111(a) for any fiscal year will not be utilized by such State in carrying out the purposes of this title, he shall make such amount available for carrying out the purposes of this title to one or more other States to the extent he determines such other State will be able to use such additional amount during such year for carrying out such purposes. Any amount made available to a State for any fiscal year pursuant to the preceding sentence shall, for the purposes of this part, be regarded as an increase of such State's allotment (as determined under the preceding provisions of this section) for such year.

### PAYMENTS TO STATES

SEC. 111. (a) From each State's allotment under this part for any fiscal year (including any additional payment to it under section 110(b), the Commissioner shall pay to such State an amount equal to the Federal share of the cost of vocational rehabilitation services under the plan for such State approved under section 101, including expenditures for the administration of the State plan, except that the total of such payments to such State for such fiscal year may not exceed its allotment under subsection (a) (and its additional payment under subsection (b), if any) of section 110 for such year and such payments shall not be made in an amount which would result in a violation of the provisions of the State plan required by clause (17) of section 101(a), and except that the amount otherwise payable to such State for such year under this section shall be reduced by the amount (if any) by which expenditures from non-Federal sources during such year under this title are less than expenditures under the State plan for the fiscal year ending June 30, 1972, under the Vocational Rehabilitation Act.

(b) The method of computing and paying amounts pursuant to subsection (a) shall be as follows:

(1) The Commissioner shall, prior to the beginning of each calendar quarter or other period prescribed by him, estimate the amount to be paid to each State under the provisions of such subsection for such period, such estimate to be based on such records of the State and information furnished by it, and such other investigation, as the Commissioner may find necessary.

(2) The Commissioner shall pay, from the allotment available therefor, the amount so estimated by him for such period, reduced or increased, as the case may be, by any sum (not previously adjusted under this paragraph) by which he finds that his estimate of the amount to be paid the State for any prior period under such subsection was greater or less than the amount which should have been paid to the State for such prior period under such subsection. Such payment shall be made prior to audit or settlement by the General Accounting Office, shall be made through the disbursing facilities of the Treasury Department, and shall be made in such installments as the Commissioner may determine.

## CLIENT ASSISTANCE PROGRAM

SEC. *112. (a) From funds appropriated under subsection (i), the Secretary shall, in accordance with this section, make grants to States to establish and carry out client assistance programs to provide assistance in informing and advising all clients and client applicants of all available benefits under this Act, and, upon request of such clients or client applicants, to assist such clients or applicants in their relationships with projects, programs, and facilities providing services to them under this Act, including assistance in pursuing legal, administrative, or other appropriate remedies to ensure the protection of the rights of such individuals under this Act.*

*(b) No State may receive payments from its allotment under this Act in any fiscal year unless the State has in effect not later than October 1, 1984, a client assistance program, which—*

*(1) has the authority to pursue legal, administrative, and other appropriate remedies to ensure the protection of rights of handicapped individuals who are receiving treatments, services, or rehabilitation under this Act within the State; and*

*(2) meets the requirements of designation under subsection (c).*

*(c)(1) The Governor shall designate a public or private agency to conduct the client assistance program under this section. Except as provided in the last sentence of this paragraph, the Governor shall designate an agency which is independent of any agency which provides treatment, services, or rehabilitation to individuals under this Act. If there is an agency in the State which has, or had, prior to the date of enactment of the Rehabilitation Amendments of 1984, served as a client assistance agency under this section and which received Federal financial assistance under this Act, the Governor may designate an agency which provides treatment, services, or rehabilitation to handicapped individuals under this Act.*

*(2) In carrying out the provisions of this section, the Governor shall consult with the director of the State vocational rehabilitation agency, the head of the developmental disability protection and advocacy agency, and with representatives of professional and consumer organizations serving handicapped individuals in the State.*

*(C) For the purpose of this paragraph, the term "State" does not include American Samoa, Guam, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands.*

*(2) The amount of an allotment to a State for a fiscal year which the Secretary determines will not be required by the State during the period for which it is available for the purpose for which allotted shall be available for reallotment by the Secretary from time to time on such dates he may fix to other States with respect to which such a determination has not been made, in proportion to the original allotments of such States for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reduction shall be similarly reallotted among the States whose proportionate amounts were not so reduced. Any such amount so reallotted to a State for a fiscal year shall be deemed to be a part of its allotment for such fiscal year.*

*(3)(A) The Secretary shall pay to the Governor from the allotment of the State the amount specified in the application approved under subsection (f).*

*(B) For the purpose of this paragraph and subsection (c), the term "Governor" means the chief executive of the State.*

*(f) No grant may be made under this section unless the State submits an application to the Secretary at such time, in such manner, and containing or accompanied by such information as the Secretary deems necessary to meet the requirements of this section.*

*(g) The Secretary shall prescribe regulations applicable to the client assistance program which shall include the following requirements:*

*(1) No employees of such programs shall, while so employed, serve as staff or consultants of, or receive benefits of any kind directly or indirectly from, any rehabilitation project, program, or facility receiving assistance under this Act in the State.*

*(2) Each program shall be afforded reasonable access to policymaking and administrative personnel in the State and local rehabilitation programs, projects, or facilities.*

*(3) Each program shall contain provisions designed to assure that to the maximum extent possible mediation procedures are used prior to resorting to administrative or legal remedies.*

*(4) The agency designated under subsection (c) shall submit an annual report to the Secretary on the operation of the program during the previous year, including a summary of the work done and the uniform statistical tabulation of all cases handled by such program. A copy of each such report shall be submitted to the appropriate committees of the Congress by the Secretary, together with a summary of such reports and his evaluation of the program, including appropriate recommendations.*

*(h)(1) The Commissioner shall conduct a comprehensive evaluation of the client assistance program authorized by this section, and submit a report to Congress, not later than February 1, 1986.*

*(2) In conducting the study required by this subsection, the Commissioner shall address and report the following information for each State that received a client assistance program grant. The study shall include—*

*(A) the numbers of handicapped individuals assisted through the client assistance program;*

*(B) the handicapping conditions of the individuals assisted, and the proportion each type of individuals represents of the total population assisted;*

*(C) the types of services provided, cross-referenced to types of handicapped individuals assisted through each service;*

*(D) the type of organization or agency which administers the client assistance program;*

*(E) the physical proximity of the client assistance program to the State vocational rehabilitation agency; and*

## PART C—INNOVATION AND EXPANSION GRANTS

### STATE ALLOTMENTS

SEC. 120. (a)(1) From the sums available pursuant to section 100 (b)(2) for any fiscal year for grants to States to assist them in meeting the costs described in section 121, each State shall be entitled to an allotment of an amount bearing the same ratio to such sums as the population of the State bears to the population of all the States. The allotment to any State under the preceding sentence for any fiscal year which is less than $50,000 shall be increased to that amount, and for the fiscal year ending June 30, 1974, no State shall receive less than the amount necessary to cover up to 90 per centum of the cost of continuing projects assisted under section 4(a)(2)(A) of the Vocational Rehabilitation Act, except that no such project may receive financial assistance under both the Vocational Rehabilitation Act and this Act for a total period of time in excess of five years. The total of the increase required by the preceding sentence shall be derived by proportionately reducing the allotments to each of the remaining States under the first sentence of this section, but with such adjustments as may be necessary to prevent the allotment of any of such remaining States from thereby being reduced to less than $50,000.

(b) Whenever the Commissioner determines that any amount of an allotment to a State for any fiscal year will not be utilized by such State in carrying out the purposes of this section, he shall make such amount available for carrying out the purposes of this section to one or more other States which he determines will be able to use additional amounts during such year for carrying out such purposes. Any amount made available to a State for any fiscal year pursuant to the preceding sentence shall, for purposes of this part, be regarded as an increase of such State's allotment (as determined under the preceding provisions of this section) for such year.

### PAYMENTS TO STATES

SEC. 121. (a) From each State's allotment under this part for any fiscal year, the Commissioner shall pay to such State or, at the option of the State agency designated pursuant to section 101(a)(1), to a public or nonprofit organization or agency, a portion of the cost of planning, preparing for, and initiating special programs under the State plan approved pursuant to section 101 to expand vocational rehabilitation services, including—

*(1) programs to initiate or expand such services to individuals with the most severe handicaps;*

*(2) special programs under such State plan to initiate or expand services to classes of handicapped individuals who have unusual or difficult problems in connection with their rehabilitation; and*

*(3) programs to maximize the use of technological innovations in meeting the employment training needs of handicapped youth and adults.*

(b) Payments under this section with respect to any project may be made for a period of not to exceed three years beginning with the commencement of the project as approved, and sums appropriated for grants under this section shall remain available for such grants through the fiscal year ending September 30, *1986*. Payments with respect to any project may not exceed 90 per centum of the cost of such project. The non-Federal share of the cost of a project may be in cash or in kind and may include funds spent for project purposes by a cooperating public or nonprofit agency provided that it is not included as a cost in any other federally financed program.

(c) Payments under this section may be made in advance or by way of reimbursement for services performed and purchases made, as may be determined by the Commissioner, and shall be made on such conditions as the Commissioner finds necessary to carry out the purposes of this section.

## PART D—AMERICAN INDIAN VOCATIONAL REHABILITATION SERVICES

### VOCATIONAL REHABILITATION SERVICES GRANTS

SEC. 130. (a) The Commissioner, in accordance with the provisions of this part, may make grants to the governing bodies of Indian tribes located on Federal and State reservations to pay 90 percent of the costs of vocational rehabilitation services for handicapped American Indians residing on such reservations.

(b)(1) No grant may be made under this part for any fiscal year unless an application therefor has been submitted to and approved by the Commissioner. The Commissioner may not approve an application unless the application—

(A) is made at such time, in such manner, and contains such information as the Commissioner may require;

(B) contains assurances that the rehabilitation services provided under this part to handicapped American Indians residing on a reservation in a State shall be, to the maximum extent feasible, comparable to rehabilitation services provided under this title to other handicapped individuals residing in the State; and

(C) contains assurances that the application was developed in consultation with the designated State unit of the State.

(2) The provisions of sections 5, 6, 7, and 102(a) of the Indian Self-Determination and Education Assistance Act shall be applicable to any application submitted under this part. For purposes of this paragraph, any reference in any such provision to the Secretary of Health, Education, and Welfare or to the Secretary of the Interior shall be considered to be a reference to the Commissioner.

(3) Any application approved under this part shall be effective for not less than twelve months except as determined otherwise by the Commissioner pursuant to prescribed regulations. The State shall continue to provide vocational rehabilitation services under its State plan to American Indians residing on a reservation whenever such State includes any such American Indians in its State population under section 110(a)(1).

(d [1]) For the purpose of computing the allotment of any State under section 110(a), the number of American Indians residing on a reservation to be served by a grant under this part shall be subtracted from the population used for such State in section 110(a)(1) as follows:

---

[1] No material is omitted; subsections "d" and "e" should be designated as "(c)" and "(d)".

(1) 33-percent of such American Indians in the first fiscal year during which such Indians are served by grants under this part;

(2) 66 percent of such American Indians in the second fiscal year during which such Indians are served by grants under this part; and

(2)(A) The United States shall be entitled to recover from the applicant for a loan guarantee under this section the amount of any payment made pursuant to such guarantee, unless the Commissioner for good cause waives such right of recovery. (B) To the extent permitted by subparagraph (C), any terms and conditions applicable to a loan guarantee under this section (including terms and conditions imposed under paragraph (1) may be modified by the Commissioner to the extent he considers consistent with the interests of the United States.

(C) Any loan guarantee made by the Commissioner under this section shall be incontestable (i) in the hands of an applicant on whose behalf such guarantee is made unless the applicant engaged in fraud or misrepresentation in securing such guarantee, and (ii) as to any person (or his successor in interest) who makes or contracts to make a loan to such applicant in reliance thereon unless such person (or his successor in interest) engaged in fraud or misrepresentation in making or contracting to make such loan.

There are authorized to be appropriated such amounts as may be necessary to provide the sums required for the fund. There shall also be deposited in the fund amounts received by the Commissioner in connection with loan guarantees under this section and other property or assets derived by him from his operations respecting such loan guarantees, including any money derived from the sale of assets.

(2)(A) If at any time the sums in the fund are insufficient to enable the Commissioner—

(i) to make payments of interest under subsection (c); or

(ii) to otherwise comply with guarantees under this section of loans to nonprofit private entities;

he is authorized to issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Commissioner with the approval of the Secretary of the Treasury.

(B) Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations.

(C) The Secretary of the Treasury shall purchase any notes and other obligations issued under this paragraph, and for that purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act. The purposes for which securities may be issued under that Act are extended to include any purchase of such notes and obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this paragraph. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as a public debt transaction of the United States.

(D) Sums borrowed under this paragraph shall be deposited in the fund and redemption of such notes and obligations shall be made by the Commissioner from the fund.

### SHORT TITLE

SEC. 601. This title may be cited as the "Employment Opportunities for Handicapped Individuals Act".

## PART A—COMMUNITY SERVICE EMPLOYMENT PILOT PROGRAMS FOR HANDICAPPED INDIVIDUALS

### ESTABLISHMENT OF PILOT PROGRAM

SEC. 611. (a) In order to promote useful opportunities in community service activities for handicapped individuals who have poor employment prospects, the Secretary of Labor (hereinafter in this part referred to as the "Secretary") is authorized to establish a community service employment pilot program for handicapped individuals. For purposes of this part, the term "eligible individuals" means persons who are handicapped individuals (as defined in section 7(7) of this Act) and who are referred to programs under this part by designated State units.

(b)(1) The Secretary may enter into agreements with public or private nonprofit agencies or organizations, including national organizations, agencies of a State government or a political subdivision of a State (having elected or duly appointed governing officials), or a combination of such political subdivisions, or tribal organizations in order to carry out the pilot program referred to in subsection (a). Such agreements may include provisions consistent with subsection (c) for the payment of the costs of projects developed by such organizations and agencies in cooperation with the Secretary. No payment shall be made by the Secretary toward the cost of any such project unless the Secretary determines that:

(A) Such project will provide employment only for eligible individuals, except that if eligible individuals are not available to serve as technical, administrative, or supervisory personnel for a project then such personnel may be recruited from among other individuals.

(B) Such project will provide employment for eligible individuals in the community in which such individuals reside, or in nearby communities.

(C) Such project will employ eligible individuals in services related to publicly owned and operated facilities and projects, or projects sponsored by organizations, other than political parties, exempt from taxation under section 501(c)(3) of the Internal Revenue Code of 1954, except for projects involving the construction, operation, or maintenance of any facility used or to be used as a place for sectarian religious instruction or worship.

(D) Such project will contribute to the general welfare of the community in which eligible individuals are employed under such project.

(E) Such project (i) will result in an increase in employment opportunities over those opportunities which would otherwise be available, (ii) will not result in any displacement of currently employed workers (including partial displacement, such as a reduction in the hours of nonovertime work or wages or employment benefits), and (iii) will not impair existing contracts or result in the substitution of Federal funds for other funds in connection with work that would otherwise be performed.

(F) Such project will not employ any eligible individual to perform work which is the same or substantially the same as that performed by any other person who is on layoff from employment with the agency or organization sponsoring such project.

(G) Such project will utilize methods of recruitment and selection (including the listing of job vacancies with the State agency units designated under section 101(a)(2)(A) to administer vocational rehabilitation services under this Act) which will assure that the maximum number of eligible individuals will have an opportunity to participate in the project.

(H) Such project will provide for (i) such training as may be necessary to make the most effective use of the skills and talents of individuals who are participating in the project, and (ii) during the period of such training, a reasonable subsistence allowance for such individuals and the payment of any other reasonable expenses related to such training.

(I) Such project will provide safe and healthy working conditions for any eligible individual employed under such project and will pay any such individual at a rate of pay not lower than the rate of pay described in paragraph (2).

(J) Such project will be established or administered with the advice of (i) persons competent in the field of service in which employment is being provided, and (ii) persons who are knowledgeable with regard to the needs of handicapped individuals.

(K) Such project will pay any reasonable costs for work-related expenses, transportation, and attendant care incurred by eligible individuals employed under such project in accordance with regulations prescribed by the Secretary.

(L) Such project will provide appropriate placement services for employees under the project to assist them in locating unsubsidized employment when the Federal assistance for the project terminates.

(2) The rate of pay referred to in subparagraph (I) of paragraph (1) is the highest of the following:

(A) The prevailing rate of pay for persons employed in similar occupations by the same employer.

(B) The minimum wage which would be applicable to the employee under the Fair Labor Standards Act of 1938 if such employee were not exempt from such Act under section 13 thereof.

(C) The State or local minimum wage for the most nearly comparable covered employment.

The Department of Labor shall not issue any certificate of exemption under section 14(c) of the Fair Labor Standards Act of 1938 with respect to any person employed in a project under this section.

(c)(1) The Secretary may pay not to exceed 90 percent of the cost of any project which is the subject of an agreement entered into under subsection (b). Notwithstanding the preceding sentence, the Secretary may pay all of the costs of any subh project which is (A) an emergency or disaster project, or (B) a project located in an economically depressed area, as determined by the Secretary in consultation with the Secretary of Commerce and the Director of the Community Services Administration.

(2) The non-Federal share of any project under this part may be in cash or in kind. In determining the amount of the non-Federal share, the Secretary may attribute fair market value to services and facilities contributed from non-Federal sources.

(d) Payments under this part may be made in advance or by way of reimbursement, and in such installments as the Secretary may determine.

### ADMINISTRATION

SEC. 612. (a) In order to effectively carry out the provisions of this part, the Secretary shall, through the Commissioner of the Rehabilitation Services Administration, consult with any designated State unit with regard to—

(2) the employment situations and types of skills possessed by eligible individuals in such localities; and

(3) potential projects suitable for funding in such localities.

(c) In carrying out this part, the Secretary may, with the consent of any other Federal, State, or local agency, use the services, equipment, personnel, and facilities of such agency with or without providing such agency with reimbursement and may use the services, equipment, and facilities of any other public or private entity on a similar basis.

(d) Within one hundred and eighty days after the effective date of this part, the Secretary shall issue and publish in the Federal Register such regulations as may be necessary to carry out this part.

(e) The Secretary shall not delegate any function of the Secretary under this part to any other department or agency of the Federal Government.

### PARTICIPANTS NOT FEDERAL EMPLOYEES

(b) No contract shall be entered into under this part with a contractor who is, or whose employees are, under State law, exempted from operation of any State workmen's compensation law generally applicable to employees, unless the contractor shall undertake to provide for persons to be employed under such contract, through insurance by a recognized carrier or by self-insurance authorized by State law, workmen's compensation coverage equal to that provided by law for covered employment.

(c) No part of the wages, allowances, or reimbursement for transportation and attendant care costs made available to an eligible individual employed in any project funded under this part shall be treated as income or benefits for the purpose of any other program or provision of State or Federal law, unless the Secretary makes a case by case determination that disallowance of such income or benefits is inequitable or does not carry out the purposes of this title.

### INTERAGENCY COOPERATION

SEC. 614. (a) The Secretary shall consult with, and obtain the written views of, the Commissioner of the Rehabilitation Services Administration before establishing rules or general policy in the administration of this part.

(b) The Secretary shall consult and cooperate with the Director of the Community Services Administration, the Secretary of Health *and Human Services,* and the heads of other Federal agencies carrying out related programs, in order to achieve maximum coordination between such programs and the program established under this part. (a)(1) Preference in awarding grants or contracts under this part shall be given to organizations of proven ability in providing employment services to handicapped individuals under this program and similar programs. The Secretary, in awarding grants and contracts under this section, shall, to the extent feasible, assure an equitable distribution of activities under such grants and contracts among the States, taking into account the needs of underserved States.

(2) The Secretary shall allot for projects within each State the sums appropriated for any fiscal year under section 617 so that each State will receive an amount which bears the same ratio to such sums as the population of the State bears to the population of all the States.

(b) The amount allotted for projects within any State under subsection (a) for any fiscal year which the Secretary determines will not be required for such year shall be reallotted, from time to time and on such dates during such year as the Secretary may fix, to projects within other States in proportion to the original allotments to projects within such States under subsection (a) for such year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates that projects within such State need and will be able to use for such year. The total of such reductions shall be similarly reallotted among the States whose proportionate amounts were not so reduced. Any amount reallotted to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for such year.

(c) The amount apportioned for projects within each State under subsection (a) shall be apportioned among areas within each such State in an equitable manner, taking into consideration (1) the proportion which eligible individuals in each such area bears to the total number of such individuals, respectively, in that State, and (2) the relative distribution of such individuals residing in rural and urban areas within the State.

# TITLE VII—COMPREHENSIVE SERVICES FOR INDEPENDENT LIVING

## Part A—Comprehensive Services

### PURPOSE

Sec. 701. The purpose of this title is to authorize grants (supplementary to grants for vocational rehabilitation services under title I) to assist States in providing comprehensive services for independent living designed to meet the current and future needs of individuals whose disabilities are so severe that they do not presently have the potential for employment but may benefit from vocational rehabilitation services which will enable them to live and function independently.

### ELIGIBILITY

Sec. 702. Services may be provided under this title to any individual whose ability to engage or continue in employment, or whose ability to function independently in his family or community, is so limited by the severity of his disability that vocational or comprehensive rehabilitation services appreciably more costly and of appreciably greater duration than those vocational or comprehensive rehabilitation services required for the rehabilitation of a handicapped individual are required to improve significantly either his ability to engage in employment or his ability to function independently in his family or community. Priority of services under this part shall be given to individuals not served by other provisions of this Act.

(b) For purposes of this title, the term "comprehensive services for independent living" means any appropriate vocational rehabilitation service (as defined under title I of this Act) and any other service that will enhance the ability of a handicapped individual to live independently and function within his family and community and, if appropriate, secure and maintain appropriate employment. Such services may include any of the following: counseling services, including psychological, psychotherapeutic, and related services; housing incidental to the purpose of this section (including appropriate accommodations to and modification of any space to serve handicapped individuals); appropriate job placement services; transportation; attendant care; physical rehabilitation; therapeutic treatment; needed prostheses and other appliances and devices; health maintenance; recreational activities; services for children of preschool age, including physical therapy, development of language and communication skills, and child development services; and appropriate preventive services to decrease the needs of individuals assisted under the program for similar services in the future.

### ALLOTMENTS

SEC. 703. (a)(1) From sums made available for each fiscal year for the purposes of allotments under this subpart, each State whose comprehensive services plan has been approved under section 705 shall be entitled to an allotment of an amount bearing the same ratio to such sums as the population of the State bears to the population of all States. Except as provided in paragraph (2), the allotment to any State under the preceding sentence shall be not less than $200,000 or one-third of 1 percent of the sums made available for the fiscal year for which the allotment is made, whichever is greater, and the allotment of any State under this section for any fiscal year which is less than $200,000 or one-third of 1 percent of such sums shall be increased to the greater of the two amounts.

(2) For the purposes of this subsection, Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands shall not be considered as States and shall each be allotted not less than one-eighth of 1 percent of the amounts made available for purposes of this subpart for the fiscal year for which the allotment is made.

(b) Amounts necessary to increase the allotments of States under paragraph (1) or to provide allotments under paragraph (2) shall be derived by proportionately reducing the allotments of the remaining States under paragraph (1), but with such adjustments as may be necessary to prevent the allotment of any such remaining States from being thereby reduced to less than the greater of $200,000 or one-third of 1 percent of the sums made available for purposes of this subpart for the fiscal year for which the allotment is made.

(c) Whenever the Commissioner determines that any amount of an allotment to a State for any fiscal year will not be utilized by such State in carrying out the purposes of this title, he shall make such amount available for carrying out the purposes of this section to one or more of the States which he determines will be able to use additional amounts during such year for carrying out such purposes. Any amount made available to a State for any fiscal year pursuant to the preceding sentence shall, for the purposes of this section, be regarded as an increase in the State's allotment (as determined under the preceding provisions of this section) for such year.

### PAYMENTS TO STATES FROM ALLOTMENTS

SEC. 704. (a) From each State's allotment for a fiscal year under section 703, the State shall be paid the Federal share of the expenditures incurred during such year under its State plan approved under section 705. Such payments may be made (after necessary adjustments on account of previously made overpayments or underpayments) in advance or by way of reimbursement, and in such installments and on such conditions as the Commissioner may determine.

(b)(1) The Federal share with respect to any State for any fiscal year shall be 90 percent of the expenditures incurred by the State during such year under its State plan approved under section 705.

(2) The non-Federal share of the cost of any project assisted by an allotment under this subpart may be provided in kind.

(3) For the purpose of determining the Federal share with respect to any State, expenditures by a political subdivision of such State shall, subject to regulations prescribed by the Commissioner, be regarded as expenditures by such State.

### STATE PLANS

SEC. 705. (a) In order to be eligible for grants under this part, a State shall submit to the Commissioner a State plan for a three-year period for providing comprehensive services for independent living to severely handicapped individuals, and, upon request of the Commissioner, shall make such annual revisions in the plan as may be necessary. Each such plan shall—

(9) contain such other information, and be submitted in such form and in accordance with such procedures, as the Commissioner may require.

(b) As soon as practicable after receiving a State plan submitted under subsection (a), the Commissioner shall approve or disapprove such plan. The Commissioner shall approve any State plan which he determines meets the requirements and purposes of this section. The provisions of subsections (b), (c), and (d) of section 101 of this Act shall apply to any State plan submitted to the Commissioner pursuant to this section, except that for purposes of this section, all references in such subsections to the Secretary shall be deemed to be references to the Commissioner.

"SEC. 122. (a) Any State desiring to take advantage of this part must have a State plan submitted to and approved by the Secretary under this section.

"(b) In order to be approved by the Secretary under this section, a State plan for the provision of services for persons with developmental disabilities must meet the following requirements:

"(1)(A) The plan must provide for the establishment of a State Planning Council, in accordance with section 124, for the assignment to the Council of personnel in such numbers and with such qualifications as the Secretary determines to be adequate to enable the Council to carry out its duties under this title, and for the identification of the personnel so assigned.

*Post,* p. 2675.

"(B) The plan must designate the State agency or agencies which shall administer or supervise the administration of the State plan and, if there is more than one such agency, the portion of such plan which each will administer (or the portion the administration of which each will supervise).

"(C) The plan must provide that each State agency designated under subparagraph (B) will keep such records and afford such access thereto as the Secretary or the State Planning Council finds necessary.

"(D) The plan must provide for such fiscal control and fund accounting procedures as may be necessary to assure the proper disbursement of and accounting for funds paid to the State under this part.

"(2) The plan must—

"(A) set out the specific objectives to be achieved under the plan and a listing of the programs and resources to be used to meet such objectives;

"(B) set forth the non-Federal share that will be required in carrying out each such objective and program;

"(C) describe (and provide for the review annually and revision of the description not less often than once every three years) (i) the extent and scope of services being provided, or to be provided, to persons with developmental disabilities under such other State plans for federally assisted State programs as the State conducts relating to education for the handicapped, vocational rehabilitation, public assistance, medical assistance, social services, maternal and child health, crippled children's services, and comprehensive health and mental health, and under such other plans as the Secretary may specify, and (ii) how funds allotted to the State in accordance with section 125 will be used to complement and augment rather than duplicate or replace services for persons with developmental disabilities who are eligible for Federal assistance under such other State programs;

*Post,* p. 2676.

"(D) for each fiscal year, assess and describe the extent and scope of the priority services being or to be provided under the plan in the fiscal year; and

"(3) The plan must contain or be supported by assurances satisfactory to the Secretary that—

"(A) the funds paid to the State under section 125 will be used to make a significant contribution toward strengthening services for persons with developmental disabilities through agencies in the various political subdivisions of the State;

"(B) part of such funds will be made available by the State to public or nonprofit private entities;

"(C) not more than 25 percent of such funds will be allocated to the agency or agencies designated under section 122(b)(1)(B) for the provision of services by such agency or agencies;

*Post*, p. 2676.

"(E) there will be reasonable State financial participation in the cost of carrying out the State plan.

"(4)(A) The plan must provide for the examination not less often than once every three years of the provision, and the need for the provision, in the State of the four priority services.

"(B) The plan must provide for the development, not later than the second year in which funds are provided under the plan after the date of the enactment of the Developmental Disabilities Act of 1984, and the timely review and revision of, a comprehensive statewide plan to plan, financially support, coordinate, and otherwise better address, on a statewide and comprehensive basis, unmet needs in the State for the provision of services for persons with developmental disabilities as follows:

*Ante*, p. 2663.

Regulations.

Such additional areas shall, to the maximum extent feasible, be areas within the priority services.
